Graphite Black Powder Coated Bookcase Tower, USM

USM Haller Bookcase By USM

This USM Haller bookshelf is made of graphite black powder-coated steel panels and chrome plated steel tube frame. Tower has 6 shelves; 2 open, 2 enclosed, 1 door that opens up and 1 door that opens down. This configuration lends for wonderful storage and functionality with both open and covered compartments for display + storage. The USM Haller system has infinite possibilities for configuration has been in production for over fifty years. An icon of modernist design and art – it's been a part of the Museum of Modern Art's permanent collection in New York since 2001.
